Thanks, Andy. I understand the Tribes' initial inquiry to FMC resulted in the Tribes being told to ask EPA. I will follow up directly with FMC.

What is Jonathon's contact information? Should I copy you on all correspondence with him or just communicate through you for questions related to the FMC OU?

Kevin asked me to respond to your question. Kevin is no longer the EPA project manager for the FMC Operable Unit. Jonathon Williams has replaced Kevin as project manager.

The construction work being conducted at the site is not EPA funded and is not being done under EPA contract or subcontract, and so I'm afraid we don't have the information you seek on the applicable wage scale or the wage scale being used by FMC for the construction work at the site.

Good afternoon, Kevin. Will you tell me what the applicable wage scale is for work being done at the FMC operable unit? The TERO Department of the Tribes wants to know if the Davis-Bacon wage scale is going to be used for construction work. You are welcome to call me directly at (b) (6). Thank you.
